WZB Berlin Social Science Center

The WZB Berlin Social Science Center and the Fondation Maison des Sciences de l'Homme (FMSH) would like to invite you to the closing event of the Franco-German "Changing Societies" research program.

Since 2016, the "Changing Societies" program has strengthened the Franco-German research perspective by encouraging intercultural and interdisciplinary scientific exchange between the two countries. The final conference offers the opportunity to assess the outputs and insights brought by the program within the last years, as well as to frame these in light of current key debates in the social sciences.
